Subject: Do It Yourself Workshop

DIVA offers a free Do It Yourself (DIY) workshop from 2pm-5pm on Saturday, March 8th. Learn how to create your own flyers, fabrics, film, music, and art.

Explore hands-on DIY activities taught by local artists, including:

**Fabric Art:** Kelsey Wallace will provide felt, fabric, scissors, and thread to illustrate how to make/modify clothes while also exploring other sorts of fun and empowering DIY fabric art.

**Zines:** David Gracon will discuss zines and present ideas to help people make their own zine pages.

**DJ-ing:** Andre Sirois will highlight "turntablism/mixology" and talk about DJ culture and the idea of re-appropriating music through DJ-ing.

**Music Production:** Nate Wallace and/or Eric Eiden provide instruments to explore DIY music and production. Recording equipment will be provided on site too to capture the results.

**Video:** Other artists will explore the use of video recording equipment and share hands-on advice about documentary films and filmmaking.
